

Timpson Area Chamber of Commerce Brick Paving Project
“Walk of Reflection”

Individuals, organizations, and businesses are invited to be a part of a new brick-paving project planned for the Timpson downtown Park Plaza area. The brick walk will feature a wide variety of personal messages that will be permanently set and visible for years to come. Hometown citizens and visitors will enjoy a memorable stroll down the “Walk of Reflection” when they are in town. Bricks can commemorate birthdays, anniversaries, ancestor and/or family names & dates, military service, high school or college class graduation, organization, business, or other memorable event/honor. Any brick can say “In Memory of” or “In Honor of” in the first line.

Please fill in the blocks EXACTLY as you would like to see your brick (s). Leave a space between names, and before and after "&." Each space counts as a character. Orders received together can be laid together; brick location will be determined by architectural design. Timpson Chamber of Commerce reserves the right for copy approval/refusal. Is this a gift for someone? If so, please check the gift box below. A computer rendering of the brick will be mailed to the recipient, if an address is provided. ***Please specify if you would like your brick to be placed next to another brick. All effort will be made to fill your request, but compliance is not guaranteed.***
